

**REMARKS**

The Applicant replaces the set of claims currently on file with a set of replacement claims by cancelling the set of claims as originally filed and placing on file the set of replacement claims. The applicant also amends the description, both the summary section and the detailed description section, to incorporate the subject matter that was originally disclosed in the claims as filed. The applicant also takes this opportunity to correct a few typographical errors.

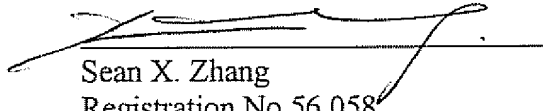

More specifically, the original paragraph 1 has been moved to be new paragraph 5. New paragraphs 7 to 11 paraphrases the new independent claims placed on file. New paragraphs 28-31 and 45 and amendments to paragraphs 33 and 46 incorporate the subject matter of the claims as originally filed. Amendments to paragraphs 33, 34, 36, 42 and 43 provide some textual description of the subject matter disclosed in the figures as originally filed and some summary statements of descriptions found in various other paragraphs. New paragraphs 12 and 24 and amendments to paragraphs 6, 25, 26, 42 and 48 are mostly made for improved clarity and stylistic reasons. Various typographical errors in paragraphs 21-23, 34, 42 and 46 are also corrected.

No new subject matter is introduced. The Applicant respectfully requests the entry of the claim amendments.

The Examiner is invited to contact the undersigned by telephone to discuss this case further, if necessary, at (416) 863-5839.

Respectfully submitted,
